ITEM 2.02. RESULTS OF OPERATIONS AND FINANCIAL CONDITION

On August 4, 2014, Environmental Solutions Worldwide, Inc. (the “Company”) issued a press release announcing its financial results for the second quarter of fiscal 2014. The full text of the press release is furnished as Exhibit 99.1 to this Current Report on Form 8-K. The foregoing shall not constitute an offer to sell or the solicitation of an offer to buy securities.

The Company’s press release, in addition to containing results that are determined in accordance with accounting principles generally accepted in the United States of America (“GAAP”), supplements the Company’s reported GAAP financial information with “EBITDA” (defined by the Company as earnings before interest on promissory notes payable, income tax expense, depreciation), which constitutes a “non-GAAP financial measure” as that term is defined by the rules of the Securities and Exchange Commission (the “SEC”). The Company’s press release includes the most directly comparable financial measures calculated and presented in accordance with GAAP, information reconciling EBITDA to the applicable GAAP financial measures, a statement disclosing the reasons why the Company’s management believes that presentation of EBITDA provides useful information to investors regarding the Company’s financial condition and results of operations.

EBITDA is not in accordance with, or an alternative to, net income, and may be different from non-GAAP measures used by other companies. In addition, EBITDA is not based on any comprehensive set of accounting rules or principles. This adjusted non-GAAP measure has limitations in that it does not reflect all of the amounts associated with the Company’s results of operations determined in accordance with GAAP. EBITDA should not be considered in isolation of, as a substitute for, or superior to, the financial information prepared in accordance with GAAP. EBITDA as defined in the press release may differ from similarly titled measures presented by other companies. EBITDA, as well as other information in the press release, should be read in conjunction with the Company’s financial statements filed with the SEC.

NOTE: This information is being furnished under Item 2.02 (Results of Operations and Financial Condition) of Form 8-K and shall not be deemed “filed” for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), or incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Exchange Act, except as shall be expressly set forth by specific reference in such a filing.

We understand that measures similar to EBITDA are broadly used by analysts, rating agencies and investors in assessing our performance. Accordingly, we believe that the presentation of EBITDA provides useful information to investors.

EBITDA is not in accordance with, or an alternative to, net income, and may be different from non-GAAP measures used by other companies. In addition, EBITDA is not based on any comprehensive set of accounting rules or principles. This adjusted non-GAAP measure has limitations in that it does not reflect all of the amounts associated our results of operations determined in accordance with GAAP. EBITDA should not be considered in isolation of, as a substitute for, or superior to, any financial information prepared in accordance with GAAP. EBITDA as defined herein may differ from similarly titled measures presented by other companies. EBITDA, as well as other information in this press release, should be read in conjunction with our financial statements filed with the SEC.
