Yes No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

We expect our financial results for the three and six months ended June 30, 2013 differ significantly from those for the three and six months ended June 30, 2012 because of the setup of a new subsidiary and acquisition of certain assets.

The Company is currently unable to provide a reasonable estimate of its results of operations for the three and six months ended June 30, 2013 as the Company is still assessing the accounting

treatment of certain material transactions that arose during the period. Accordingly, the Company cannot estimate at this time what significant changes will be reflected in its results of operations for the three and six months ended June 30, 2013 compared to its results of operations for the three and six months ended June 30, 2012.
